

7.3.1 Institutional Distinctiveness

FORTIFYING FOUNDATIONS:

Empowerment of women through holistic education is a priority and we pursue this motive as a lifelong commitment towards our students. Our alumnae are a treasure and we reach out to them offering support and guidance whenever needed. Many of our former students are engaged by us as faculty in different departments. This helps them to build their identity as skilled professionals along with making them financially strengthened.

Dr. Anita Choudhry, Dr. Anju Narwal, Mrs. Vandana Rana, Mrs. Monica, Miss Karanjot, Miss Sakshi, Mrs. Kiran (Department of English); Dr. Sabira Sharma (Department of Sanskrit); Miss Tarjeet and Mrs. Megha (Department of Computers); Miss Vasuda, Miss Mansi, Miss Preeti, Miss Aisha, Miss Jyoti, Miss Renu (Department of Home Science) are some of the faculty members who are also our former students.

The alumnae also reciprocate by rendering their services in other ways like sharing their expertise via lectures and workshops for the benefit of their younger sisters from their alma mater. Mrs. Geeta Sirohi Dhull, alumna batch of 1987, Image Consultant and runner up Mrs. India 2018, conducted an interactive workshop on April 13, 2021 on the topic “Building Competency for Job interview via Personality Grooming”.

The college makes concerted efforts in strengthening the bond with the former students. The annual alumni meetings are attended by previous students of varying age groups. This platform provides opportunity to listen to the inspiring success stories of our students who have created a niche for themselves. It motivates the existing students to follow in the footsteps of their seniors. It also encourages the college to work further in providing all-inclusive education. We view our alumnae as the living examples of the success of our efforts towards creating an empowered, ennobled, enunciated women force.
